

**Sites with an approved TMDL where the location is currently
attaining the water quality standard for the pollutant of concern.**

(as of 02/05/2007)

Note:

The attached list of sites is based on results from the most recent 303(d) list assessment [2006 303(d)]. 303(d) assessments are conducted bi-annually; the attached list will be updated after each 303(d) assessment is completed and results are finalized.

Sites were identified as impaired at time of TMDL development. The list does not represent all ambient monitoring locations within the approved TMDL area.
